CTE Transcription Information

Pierce College must have an articulation agreement with the high school for the individual Career & Technical Education (CTE) class. Submitting this request authorizes Pierce College to transcribe all CTE classes that you are eligible for at Pierce College. If you earned credit for CTE classes through an articulation agreement at another college, you must contact those other colleges to have those CTE classes transcribed by the appropriate college.

Effective July 1, 2019, the **minimum grade required** to earn CTE dual credit is a **"C" or better**.
(Back-dated school years must continue to earn "B" or better to earn college credit.)
